

CSA Mixta-BVG Basic I

(pursuant to BVV 2 – real estate component may be exceeded)*

Investment policy

The investment objective of the investment group is to achieve revenues in Swiss francs that are appropriate to the risk structure. For this purpose the investment group invests via collective investments in fixed income and variable money market investments, bonds and debt obligations as well as in Swiss mortgages and real estate. The share of real estate and mortgages amounts to at least 45% of the investment group's assets. Foreign currency investments are hedged as broadly as possible against the Swiss franc.

The investment group meets the investment regulations under the Ordinance on Occupational Retirement, Survivors' and Disability Pension Plans (BVV 2) and the Ordinance on Investment Foundations (OFP) insofar as these are applicable.

* With reference to Art. 29(1)(e) of the Ordinance on Investment Foundations and the investment guidelines of the Credit Suisse Investment Foundation, the category limit for real estate pursuant to BVV 2 can be exceeded with effect from December 1, 2022.

Only pension funds domiciled in Switzerland that are not subject to tax are permitted as direct investors.

The TER KGAST ratio expresses the total of those commissions and costs that are charged on an ongoing basis to the assets of the investment group (operating expenses). It is presented as a percentage of the average net assets of the investment group. TER KGAST is calculated at the end of each financial year for the past twelve months (except for the first financial year, for which a projected TER (ex-ante TER) is quoted at the start).

The composition of customized benchmarks, as well as additional explanations of linked benchmarks, can be obtained from management of the investment foundation or from the representative in Switzerland.
